AT THE PAROMUNT

Appearing on the stage of the Paramount Theatre today and tomorrow for three performances only, Reggie Childs and his world famous band of 15 finished musicians and entertainers presenting a lengthy program of rhythmetic melodies, novelties and specialties.

During the past few years Childs has created a sensation in night clubs of consequence in which he has been playing and there have been plenty throughout the country. He has captured the hearts of lovers of good music with his appearances over both the major radio hook ups and is destined to an attraction of unusual merit during his brief engagement at the Paramount. Prices will remain the same.

On the screen Friday and Saturday in conjunction with Reggie Childs and his orchestra, is an all-star drama for men and women: one still living in her memories, a tyrant, a playboy, an idealist and a lover. These personalities clash and clash again in Columbia's stirring romantic drama, "Lady of Secrets."

Ruth Chatterton, Otto Kruger, Lionel Atwill, Marian Marsh and Roland Young head the cast.

As the attraction for next Monday and Wednesday, the Paramount presents, "Next Time We Love."

GOES MODERN

Tropical Belle Keeps Up With Modern Modes

Are you looking for a food that is a tasty refreshing treat? Reduce breeze, simple to serve with flair, and smart to serve for entertaining? We nominate pineapple.

Pineapple adapts itself easily to the mode. When hair and dresses were bobbed short, and bustle went in for parfaits piled high in slender glasses — pineapple parfaits topped the list. And that the "Queen Mother Cold" has swept Paris, in honor of Great Britain's jubilee year, and dinner dresses sweep the floor, pineapple is molded into frilled lime salads and fashionable crowned shrimp dishes.

Sun-kissed Dishes

Trust these tropical belles for being themselves alluring. Perhaps, however, you prefer pineapple as it appears in its native form — as they serve it often at Hawaiian resorts. Then place a golden ring of pineapple on cool green leaves — nasturtium leaves will do nicely, if you have them, and cress is also nice — and serve it ice cold on a cool glass dish. That's a breakfast dish of pristine beauty to tempt the appetite!

If you go in for smart and delicious combinations, then try some of the following recipes which include dishes appropriate for breakfast, luncheon or dinner:

Tested Timely Recipes

Jellied Pineapple Lime Salad: Dissolve one package lime gelatin in threefourths cup of boiling water. Add the contents of one No. 2 can Hawaiian crushed pineapple. When partly set, add one-half cup shredded blanched almonds and mold in a flat tin. Cut in squares and serve on crisp lettuce with cream mayonnaise, garnished with a red and a green cherry. Place a cheese ball, chopped mint or parsley at side of each. This serves 6 persons.

Trafalgar Square Salad: Use four slices of Hawaiian pineapple in halves. On lettuce leaves on overlapping row of pineapple and sliced peeled tomato. Put first a half slice of pineapple then a slice of tomato. Dress with French dressing to which is added green pepper and chopped pimiento have been added. This serves eight persons.

Shrimps and Pineapple Cream Sauce: Drain the contents of one 5¾-ounce can of shrimps and brown on both sides in two tablespoons of butter. Drain one cup of sliced pineapple which has been cut in wedges, and add with the shrimps to two cups of rich cream sauce. Reheat and serve on toast angles. This serves four persons.

Sunrise Pineapple Cup: Mix contents of one No. 2½ can sliced pineapple and the juice of half cups of orange juice. Let stand in the morning dish. Add the pineapple, place slices in serving dishes and pour over the mixture. Decorate with a sprig of mint or a nasturtium leaf. This serves eight persons.

Pineapple Ice Box Dessert: Cream one-half cup butter with one and one-fourth cups confectioner's sugar and cream of. Add three slightly beaten yolks. Add one-half cup of drained crushed pineapple, eight maraschino cherries in three stiffly beaten egg and flavor with one-half teaspoon almond flavoring. Line a with lady fingers, fill with mixture and set in the refrigerator for eight hours or over. This serves six persons.

Father Darkleaf Column

The Orange Observer runs this across the top of the front page: "We labor for the best interests of the people" and then adds as afterthought: "And for our own pocketbook."

Robert Quillan, who gets out the mountain Inn (S.C.) Tribune, has his own column to take the entire front page.

Mother Brightleaf often reports her experiences when she sallies forth to Lynchburg (without the protection of Father Darkleaf). Yesterday she says she was in a department store waiting for an attendant when a timid old man about 11 came up to her and asked: "Say, boy, have you a dead sister named Mary?" What a query. Mother Brightleaf said no, and the child replied, "Well, you certainly look like someone I know."

—o—

Doctor L. L. Gayle is our local authority on anything pertaining to Fredericksburg. He says that that city is all agog over the attempt of Walter Johnson to throw a silver dollar across the Rappahannock on Washington's birthday. He sorta thinks it will be done. Father Dickleaf is of the opinion that a dollar went further in Washington's day than it does now.

—o—

Orchids to Professor Gill for putting new life in the manual training department at the local high school. We nominate him as the ideal man to revive the Boy Scouts here.

—o—

We humbly suggest to the mayor and local authorities that if they plan to continue to have fights frequently, why not put boxing gloves on the participants and get a good referee and turn it into a "white collar" tournament.

Progress Is Made In Plans For Park Here

Encouraging News Is Received As To Having Funds Ready

Considerable progress has been made in the past few days in plans for the Memorial Park at the Surrender Grounds here commemorating the peace signed there in 1865 between Lee and Grant.

As a result of recent negotiations a change is planned in the plan for use of available sumarginal land purchase funds, whereby money will be available to buy most of the area needed for the park.

At the same plans are being laid to condemn any or all lands which cannot otherwise be negotiated for. This change only awaits the approval of the Raleigh office.

Information was received today of very encouraging nature as to having ready and available the [illegible] work on the park and reconstruction of the original Surrender Village, as soon as title to land is secured.

Note: The cold, rough weather, now drawing to a close, has seriously affected all church work, particularly attendance at the regular services. Now that it is about over the pastor of Liberty Church is ready for an intensive effort to revive the church and reach the unsaved and unchurched. Special attention is called, by the pastor, to his subjects for Sunday. The morning sermon is intended for "Times Out of Joint". Did you ever hear a sermon on suicide? Is it ever justifiable? Are all suicides insane? The pastor will answer these and other questions Sunday night. Come.

A joint meeting of the Pastor's Conference and all missionary organizations of the Appomattox Association will be held at Liberty Church on Monday, beginning at 10:30 A. M. This is a postponed meeting. The program committee of the association will also meet for the purpose of setting up the program of the annual meeting which will be held at Bethal Church, near Phenix in April.

Supervisors Act

The supervisors of Buckingham county, at their regular meeting adopted resolutions asking that the CCC camp at Willis Mountain be retained until its work of building trails and protecting forestry is completed.

It has been reported that eight CCC camps in Virginia will be abandoned on April 1.

TVA upheld by Supreme Court in decision announced Monday.

Colored Men On Jury?

Local jury commissioners have been instructed to include colored in jury lists in the future, it was learned today at the county court house.

It is also understood that like action will be taken in Buckingham county for the next court term. At the next term in that county, Hazel Rose, colored will be tried for a double murder.

The fact that colored men are on the jury list does not necessarily mean that they will actually see jury service. They may be left off the panel summonsed for the venire, or if summonsed, they may be stricken off by counsel. However there are many colored men here qualified to actuflly serve on juries.

It is understood that the motive for adding colored men to the jury lists is so avoid constitutional grounds for appeals to higher courts. Such was done in the famous Scottsboro case.

It is possible that the approaching Hazel Rose trial influenced authorities in taking this precaution.

Plenty Of Damage

Thousands of dollars in damage has been done to roads in this county in the current period of winter freezing and thawing.

Large sections of hard surface roads have given away. Passenger and other large hard trucks were banned from the highways. Roads in the county were in such condition that schools were closed Tuesday and Wednesday. They reopened today, however, and will run tomorrow.

Several town streets were also impassable.

With colder and fair weather on the card of the weather man now it is thought tha the worst of the siege is over.

"Farmer Brown"

At the recent meeting of group one of the Virginia bankers association held at Old Point, Sinclair Brown, banker and suggested candidate for governor, was asked about his agricultural bona. He smiled and gave the following answer: "I'm just a farmer, and as a little banking on the side, I have my hands full tending to this."

S. F. Grubbs, of the extension division and state crop improvement association, was here Monday in conference with county agent, R. B. Hudgins, in regards to the "better seeds" program.

Questions Mailed To Growers

Want Opinion On Production Prospect And AAA Substitute

A questionairre has been mailed to farmers in this county from the office of the county agent, seeking information as a possible basis for legislation to replace the AAA.

The two questions are as follows:

Question 1: If no tobacco control program is developed before planting season, will there be a larger acreage planted to tobacco in your county in 1936 than was planted in 1935?

Question 2: If the Federal government cannot work out an effective control program for tobacco this year, would you favor the Virginia legislature joining with the legislatures of other states in developing a production control program?

The new soil conservation program is not hold to be as effective for tobacco farmers as the AAA ang investigation is being made to see if an adequate AAA substitute can be worked out.
